

# Share your heart for Fetcham!

The team from LoveFetcham are launching our **Share your Heart for Fetcham** initiative.

We want everyone in Fetcham to know they are loved and so we are encouraging everyone to get involved by either making a heart (knitted, woven, crocheted) or

painting a heart on a small stone and leaving it by a sign at the end of a road. These hearts come with our love, prayers and hope for those living in that road. If you see a heart, feel free to pass it on to someone and share the love with them.

To find out more about the team and to find out how to make a heart or paint a stone visit our website [www.lovefetcham.org](http://www.lovefetcham.org)
